Language and Grammar in Focus: Revision Game

1. Students work collaboratively. Each group has a copy of the board, a set of Question cards, a die / a set of cards 1-6 and counters (e.g., coins). Question cards are face down in a pile and their counters are on the Start square.
2. Students take turns to throw a die / take out a number from a pack. If a student lands on a square with a question mark on it, they pick up a Question card and attempt to answer it. If other students think that the answer is correct, the student stays on the square. If the answer is not correct, or the student cannot answer it, they move back to their original place.
3. If a student lands on a square with a speaking task, they talk on that topic for 30 seconds. If they do not have anything to say or stop before the 30 sec are up, they return to their original place.
4. The first student to reach the Finish square, is the winner.
5. After all the groups finish, the instructor may go over the Question cards and Conversational topics.
